

SOUTHAMPTON 10-11 MAY, 2019

The National Ankylosing Spondylitis Society is working to build a stronger AS community. Will you join us?

This May, NASS is taking our community event to Southampton, bringing people with AS and their families and friends together with healthcare professionals, researchers and local clinicians.

You can learn more about axial spondyloarthritis, find out about local services and meet other people affected by AS.

NASS Voices is open to all with an interest in AS and who wish to be a part of the NASS community. You don't need to be a NASS member to attend.
